Footnotes:
1. The CENTRAL DATABASE, as its called, is comprised of the messages god has given me, for all of us. Writing almost daily since early in 2003, there are now some 2,000 messages in the Central Database. For more information see the University of The New Covenant website. Thank you.

2. THE UNIVERSITY OF THE NEW COVENANT is having its first coffeeshop meeting tonight in Tulsa at 6pm, at Nordaggio's Coffee, 8156 -C South Lewis. God has given many words about the University of The New Covenant being a school to birth schools, and that many schools will be in coffee shops and all sorts of places that we've never thought of schools being in before. Many will not look like schools of the past, but the new thing god is doing is wall'less; and comfortless, not; but will transcend all walled borders of the past, and do things never done before; rising those who'll do these things; with aplomb, not; but the power of the most high, surrendered lives, all, given. If you're interested in the University of The New Covenant, you're invited.
